re: OU 2 Subsurface IM/IRA

Dear Mr. Schassburger:

EPA has reviewed your October 26, 1992, Soil Vapor Survey Work Plan and East Trenches Area Soil Vapor Extraction Pilot Test Plan draft submittals. The attached comments were prepared by our technical review contractor at EPA's direction, and must be considered and responded to in preparation of the final document.

Comments provided under separate cover by CDH and those of the Technical Review Group (TRG) must be similarly treated. As agreed in the Final IM/IRA Decision Document, DOE must make an active attempt to involve the TRG in this process by providing information and soliciting comment. We would encourage discussions as needed to resolve any conflicts or contradictions you see in the comments from these sources.

If you have questions or would like to discuss the progress of this effort, please contact Bill Fraser (EPA) at 294-1081.

Sincerely,

A handwritten signature in black ink, appearing to read "Martin Hestmark".

Martin Hestmark, EPA
Manager
Rocky Flats Project
